EXTENDED SCHOOL YEAR SERVICES (ESY)**

STUDENT _____

SCHOOL _____

ESY consideration is recommended by:

- Parent/guardian
- Parent's designated representative
- School district personnel directly involved in student's educational program

The need for ESY is demonstrated by evidence of one or more of the following:

- A formal evaluation result (the **Fall/Spring Assessment of Need for EYS** form) is attached.

- Informal evaluation results (progress reports, work samples, parent observations, etc.) Describe:

Based on the evidence presented above, describe the critical areas in the current IEP objectives which may be expected to show severe or substantial regression and recoupment problems unless ESY is provided:

Check (Υ) one or more of the following which may result during a reasonable period of time, not to exceed eight weeks of the next school year, if ESY is not provided:

- Placement in a more restrictive arrangement/instructional environment
- Significant loss of acquired skills necessary for the student to progress in the general curriculum
- An increase in the number of staff and/or amount of time necessary to provide special education services
- Loss of access to community-based resources, job training, or employment

Attach the revised individual educational program. The ARD committee determined that the student will require an extended school year program and that the following described services will be provided:
